Dispute about who shall Write next Democratic State Platform — Shallenberger refuses to be sidetracked

Lincoln, Neb., Oct. 28.—William J. Bryan and Governor Shallenberger are at loggerheads over the question as to who shall write the next Democratic state platform in Nebraska, and Shallenberger has not only refused to get out of the way of Mr. Bryan, but has said that since the number of votes cast for him exceeded those cast for Bryan in the last election, it's up to Bryan to stand aside and let Shallenberger write the platform.

C. W. Bryan, brother of William J. Bryan, was the emissary between Bryan and Shallenberger. He is quoted as saying to Shallenberger that since his brother desires very much to make the run for senator in Nebraska he also wants to write the platform of the party. Shallenberger refused, and announced that as a candidate for governor he would write his own platform, and Bryan could do as he pleased about the senator business.

MELVIN McKINLEY
For President of Council

M'KINLEY THE MAN FOR PRES, OF COUNCIL

The man who presides over the deliberations of the city council must be a man of well balanced judgment, of fair and square conception of what is right, and a man who has the confidence of both his fellow members and the people at large.

Such a man the Republican party presents in Melvin McKinley, its candidate for president of council. Mr. McKinley is superintendant of the Coshocton Glove Co., and is a young man of marked executive ability. He is one of the strong factors in Coshocton's industrial prosperity and as councilman, or presiding officer of the legislative branch of the city government, would bring to it both ability and energy.

From 21 to 27 cars are loader per day. Some of the coal is used in Coshocton. A carload is received about every week. A load is expected Saturday of this week.

The Walhonding Flyer and the other two trains which were to be added are therefore "still up in the air" and it is not certain whether the extra service will be added but trainmen along the line still look for a big change on November 7. Agent Webner states that he has received no official notice of the change which is talked of.

ROSCOE GIRL ELOPES WITH EAST UNION LOCKINVAR

GUS OGLE
Candidate for Township Trustee

Miss Neldon, Aged 16, And Carl Cullison Depart On Midnignt Train And Will Probably Return Home Man And Wife:

Miss Mina Neldon the 16 year old daughter of Mr. and Mrs. Sam Neldon of Roscoe and Carl Cullison, aged about 24, who lives near East Union, left on train No. 25, Tuesday night unknown to any of their friends and the supposition is that they left with the intentions of getting married in Kentucky.

The romance started about a year ago. Tuesday evening Miss Neldon ate the evening meal at her home and it is said pretended to retire but getting her clothes together she slipped quietly out of a side door and to the home of one of her girl friends who lives near the M. P. church on Roscoe hill, where she met Cullison and the two stayed there until about eleven o'clock when they walked to Coshocton and caught the midnight train.

Miss Neldon entered the Roscoe high school this year. She always had an attractive personality which won for her many friends and the elopement is a big surprise to every one who knew her.

He merits the votes of the people for township trustee.

WILL BE BURIED IN ANOTHER MAN'S GRAVE

A grave in Oak Ridge cemetery which once was the resting place of Wm. Parson who died four years ago will be used as the final burying place for Wm. Wiltshire, who died at the home of Mrs. Parson on Chestnut-st. Wednesday evening at about four o'clock from Bright's disease with which he has been suffering for two years.

Four years ago William Parson died and was buried in Oak Ridge cemetery on a small lot purchased by Mrs. Parson. Two years later a daughter, Annie Parson, died and her body was placed in a grave in South Lawn cemetery and Mrs. Parson last January had the body of her husband William Parson removed from the grave in Oak Ridge and placed alongside that of the daughter in South Lawn. The grave in which Mr. Parson had slept for three years was then refilled and this is the grave in which Mr. Wiltshire will be buried.

William Wiltshire was born in Somerset, Eng., and moved to this country when but a boy. He married but after a few years he and his wife parted and a few years later the wife died leaving two children orphaned a boy and a girl. The man then made his home with the father of William Parson who had always been bosom friends and has been in the Parson family ever since as when the senior members of the Parson family died he made his home with the son and was still in the family when death came. The two children drifted away from him and for nineteen years neither have been heard from. The last that was heard was that the daughter whose name is Mary Anne Wiltshire was in an insane asylum and that the son Jas. was working in Chicago.

The funeral services will be held at the Parson home on Chestnut-st. at one o'clock Friday afternoon, in charge of Rev. Bridge of the Baptist church.

The ex-governor was carried beyond McKesport while the reception stood at the station.

Mr. Folk says he was so amazed at the greatness of the mills along the road from Pittsburg that he forgot where he was to get off but luckily was on an accomodation, which stops at Versailles borough. Mr. Folk returned to McKeesport by trolley and instead of the committee meeting him he met it at the station.

MURRY CASE NOW IN THE SUPREME COURT

Prosecutor McDowell and Assist. Prosecutor W. S. Merrel Thursday sent their briefs in the case of State of Ohio vs J. J. Murray to the supreme court. The attorneys contend that the court erred when they gave judgement to the defendant in that Murray allowed the unlawful act of conducting a bucket shop in his building. Murray's attorneys will file their briefs later.

QUAIL WILL BE PLENTIFUL

"When the open season for quail opens on Nov. 15," said State Fish and Game Warden J. C. Speaks, the other day. "Sportsmen will find more birds in the field than they have found before on such an occasion in many a year. Reports coming from all quarters of the state tell of large coveys of young birls now closely approaching maturity. Much of this is due, of course, to the fine weather we have had for the propagation of quail, but the close holding of hunters to the short open season by the state fish and game commission must be credited for part of the increase. "Farmers in many parts of the state have followed the advice of the commission and provided cover for the quail. They are being amply repaid for it. The season will run from November 15 to December 1."

LEXINGTON, KY., Oct. 28—Young daughter of George Kreitz, an independant tobacco grower in Mason co. opened fire with a shot gun and put to flight forty masked night riders when the crushed down the door of her fathers house. NEGRO TRIES AGAIN TO ESCAPE FROM PEN

Harvey Johnson, the desperate Franklin county life prisoner in the Ohio penitentiary, made his third attempt to escape just before daylight, Thursday morning, when he struck Guard Edgar Hudnet, of Holmes county, on the head with a heavy iron file just as the two were ascending the prison hospital steps, and after playing hide and seek in the darkness with the guards for more than a half hour, Johnson was himself felled by the brawny fist of Deputy Warden Resch.

WILLING TO MAKE RACE

Secretary of War Dickinson Has Eye on Seat in Senate.

Memphis, Tenn., Oct. 28. — While not formally declaring himself a candidate to succeed present Senator James B. Frazier of Tennessee, Secretary of War Jacob M. Dickinson has declared his willingness to be so regarded in the following words: "If it should appear to me, as has been urged, that my candidacy would be the means of unifying present warring factions in the Democratic party, I should consider it my duty to sink personal inclinations and accept the situation, if quitting my present position as secretary of war would prevent my making any unseemly scramble for the place."

MANY PRIZES WILL BE GIVEN FOR FINE BIRDS

The Coshocton County Poultry Assn., met in Renner's barber shop Wednesday evening and the outstanding committees reported. The committee appointed for the raising of specials for prizes at the January show reported and a long list of specials was read coming from nearly every business house in the city. One of the biggest prizes that will be given is that donated by the Sure Hatch Incubator Co., of Freemont, Kans., a big incubator. Dr Boone has donated a handsome silver cup and several other prizes have been donated which are valuable, and which will make the show worth while.

The bids for the printing of the premium lists were opened and the contract was awarded to McDowell Bros. The other bidders were Broome & Herbig and Mr. Drake.

A clever idea as to the premium lists has been planned. One page will be given to the newspapers of the city for advertising purposes and another page will be used as a sort of industrial page, containing some statistics and history of the city of Coshocton, meant as a kind of boost for this city. The lists go all over the country and they will do Coshocton a world of good in the boosting game. A full list of the specials will be given in Friday's Age.

JOE CALLAHAN WILL MAKE UHRICHSVILLE CHURCHES BRACE UP

Four Uhrichsville churches will have to be changed in order to meet the approval of the state inspector of workshops and factories. This will have to be done at once, according to instructions received by Mayor Foster Wednesday.

District Inspector Joe. P. Callahan of Coshocton was in the Twin Cities October 20th, and made an inspection of the church buildings. His report to the state officials of the condition in which he found the buildings has brought about orders from the state department that will necessitate considerable work in some instances in order to meet with the requirements.

Separate instructions regarding the Moravain, Presbyterian, Methodist, Episcopal and Christian churches have been received. In most cases the changes ordered are with reference to the opening of doors and furnace rooms where this means of heating is used. It is ordered that all rooms where furnaces are used must be made fire proof. Inflammable material that was found in the basements and attics of the buildings must be removed at once and a report of all changes that are made must be sent in to the state department for comparison.

McNaughton-Lawrence Marriage Today

Ceremony Quietly Performed at Bride's Home this Afternoon by Rev. Bridge —Leave for Cleveland and the East.

Miss Edith McNaughton, the daughter of Mr. and Mrs. M. W. McNaughton of Main-st., and Frank A. G. Lawrence a prominent Main-st. business man of the firm of Walker & Lawrence, stole a march on their many friends Thursday afternoon and were quietly married at 2:15 at the home of the bride on Main-st. by Rev. Both Mr. and Mrs. Lawrence are prominent in society circles and their hosts of friends are heartily congratulating them. Although it has been known for some time that the wedding would take place in the near future the exact date was not known so that their marriage comes as a happy surprise.

They did not altogether elude their friends for just a short time before the train was due the news began to spread and when the couple went to the Wheeling station to catch their train they were met by a number of their friends and as they alighted from the cab they were nearly buried in a shower of rice and old shoes.

When John Bill Elson gets out of the penitentiary he will be free in more than one sense of the word. The divorce petitioned for by his wife at Zanesville was granted Thursday afternoon and it is expected that she will be legally married to George Keller in a day or two. She had already married Keller before the divorce from her first husband was granted, she believing that his being a convict constituted a divorce without her going through the procedure of applying to the courts.

Wife In Workhouse But Simon Still Loves Her

It seems as though Simon Fisher cannot cease to love his wife Linnie Fisher who was sent to the Columbus work house the other day for a term of one year. A few days after Mrs. Fisher had been taken to the works a certain Coshocton man, a public official, had business at the prison in Columbus and there standing talking to one of the guards was a bewhiskered old man, palsied and rheumatic, whom the Coshocton man recognized as Simon. Simon talked to the guard for some time trying to reason with him to let him get in and talk to his wife but the guard was strict and told him to go to his home and never to come again for he could not get in that "she" was there to work and not to play. Simon at last gave up and wearily walked away. It is reported that Linnie is a splendid worker.

HITTING BACK AT ASHLAND

The war between the attorneys and judges in Ashland continues. The latest news in the sensational charges against the attorneys comes in word that Judge R. M. Campbell one of the men under indictment, has filed charges against Judge Devor and started two suits for damages.

Judge R. M. Campbell, in the circuit court of the Fifth Judicial District, has filed specifications and motion in the matter of the removal or disbarment of Judge William T. Devor as an attorney at law, and asks the court to appoint a committee to take such action as may be authorized by law in the premises are upon final hearing that William T. Devor be removed as attorney and counsellor at law.

Judge Robert M. Campbell, in the court of common pleas, on Saturday began proceedings against J. C. Sloan, justice of the peace of Montgomery township, for damages in the sum of $50,000 for which he asks judgement against defendant, also costs of the suit.

Judge Campbell also filed a petition against Prosecuting Attorney Geo. J. Frey, in which he alleges that in consequence of false and malicious action and conduct of George J. JAMES GLENN ISSUES REPLY TO PROSECUTOR

Because The Age went to press before 2 o'clock Wednesday it was impossible to get in the following communication received late from Hon. Jas. Glenn.

Statements have been made on two different occasions, once thru the press, and from the platform last night, intended to be a criticism of my administration of the office of prosecuting attorney. The statement made by the present incumbent was made to excuse his own short-comings.

The statements are made for the purpose of conveying to the public the notion that the office was neglected by those who preceded him. Persons who have not taken the trouble to investigate will be misled by them. The substance of the complaint is this: That at the end of my term a certain number of criminal cases were pending. The criticism is followed by the boast that the present incumbent has disposed of them.

My recollection is that but one case was pending which has been tried since, and I assisted the prosecutor to try that case.

It is true that a number of indictments were pending and those indictments many of them are still pending. They were against persons who had been indicted for more than one offense and convicted and serving time for one of them; some of them were indicted where the accused had absconded; some for other good reasons; but no case that could have been tried was pending because of any neglect of the prosecutor or judge. It must be remembered that it is the judge that drops and nollies cases. The prosecution cannot drop or enter a nole prosequi.

The present incumbent dropped from the docket, that is quit entering upon the trial docket, certain cannot drop or enter a nolle prosequi, to others. It is of this that your prosecutor boasts and nothing more.

When he says to you that he disposed of almost 100 cases left over by his predecessors he means that he did nothing with them; for the very good reason there was nothing to be done.

The business of the office was not neglected by myself, Mr. Wheeler or Mr. Pomerene; I have some times neglected my own business but it cannot be truthfully said that I have neglected the business of any office I have had the honor to hold. If McDowell could have administered the office as economically and well as any of his immediate predecessors, the public would have cause to be thankful.

Neither can it be said that I have boasted of doing something when I did nothing.

Yours Respectfully,
James Glenn.

THE CAUSE OF COLDS

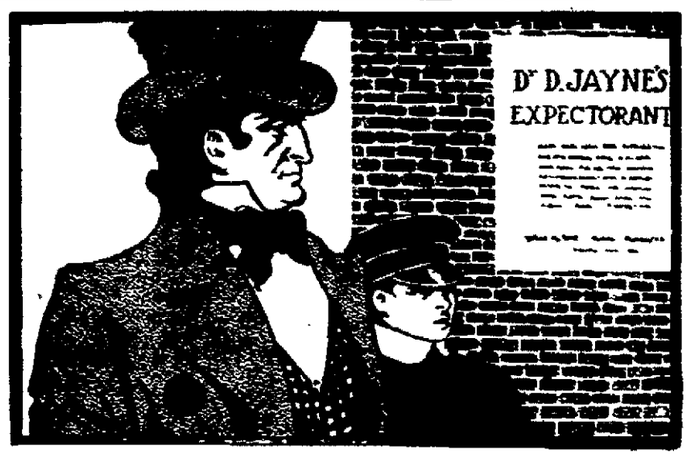

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of case of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

An excellent aid in the prevention of coughs, colds, phenmonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone, prices 50 cents and $1.00. Sometimes a 50-cent bottle is sufficent to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Coshocton only at our store.—The Rexall Store. Siegrist & Williams, cor. CHAPTER TWENTY

THEY were alone together. Adalbert and Count von Breitstein had stolen from the room and had ceased to exist so far as Leopold and Virginia were concerned.

"I'll tell you now why I'm here and everything else," she was saying, but the emperor stopped her.

"Ever since I came to myself I wanted no explanation," he said. "I wanted only you. That is all I want now. I am the happiest man in the universe. Why should I ask how I came by my happiness? Virginia! Virginia! It's a more beautiful name even than Helen."

"But listen," she pleaded. "There are some things—just a few things—that I long to tell you. Please let me. Last night I wished to go into a convent. Oh, it was because I loved you so much! I wanted you to seem perfect as my hero of romance, just as you were already perfect as an emperor. To think that I should have been far away out of Rhaetia by this time if Miss Portman hadn't been ill! Dear Miss Portman! Maybe if we'd gone nothing would ever have come right. Who can say?

"You know, my brother came to our hotel this afternoon. When his card arrived we couldn't tell whether he knew our secret or not, but when we had let him come up we had only to see his face of surprise. He was angry, too, as well as surprised, for he blurted out that there were all sorts of horrid suspicions against us, and mother explained everything to him before I could have stopped her even if I would—how I had not wanted to accept you unless you could learn to love me for myself and then how I had been disappointed. No, don't speak that's all over now. You've more than atoned a thousand times more.

"Dal explained things, too, then—very different things—about a plan of the chancellor's to disgust you with me and how he (Dal) had played into the chancellor's hands because, you see, he thought he was acting wisely for his neglected sister's sake and because he had really suspected an actress he knows was masquerading as Miss Mowbray. Very imprudently he'd told her that some day there might be something between you and his sister. She knew quite well, too, that the real Mowbrays were our cousins; so, you see, as she and he have quarreled it might have been an easy and clever way for an unscrupulous woman to take revenge. Dal would have gone and perhaps have said dreadful things to the chancellor, who was waiting downstairs for news, but I begged him not. From being the saddest girl in the world I'd suddenly become the happiest, for the chancellor had told Dal and Dal had told me that you had followed me on my way to ask her to be the empress. That changed everything, for then I knew you really loved her, but just to punish you for what I suffered through you last night I longed to put you to one more test. I said 'Let the chancellor carry out his plot. Let me go with you to your hunting lodge.' At first Dal wouldn't consent, but when I begged him he did, for generally I can get my way with people, I warn you.

"That's all, except that I hadn't realized how severe the test would be until you came in and I saw the look in your eyes. It was a dagger of ice in my heart. I prayed heaven to make you believe in me without a word. Oh, how I prayed through all that dreadful moment and how I looked at you, saying with my eyes, 'I love you; I am true.' If you had failed me then it would have killed me, but"—

"There could be no but," the emperor broke in. "To doubt is not to love. When a man loves he knows. Even out of darkness a light comes and tells him."

"Then you forgive me—for tonight, and for everything, from the beginning?"

"Forgive you!"

"And if I'd been different, more like other girls, content with a conventional affection, you wouldn't have loved me more?"

He took her in his arms and held her as if he would never let her go.

"If you had been different I wouldn't have loved you at all," he said. "But if things had been different I couldn't have helped loving you just the same. I should have been fated to fall in love with Princess Virginia of Baumenburg-Drippe at first sight, exactly as I fell in love with Helen Mowbray."

"Ah, but at best you'd have fallen in love with Virginia because it was your duty, and you fell in love with Helen Mowbray because it was your duty not to, which makes it so much nicer."

"It was no question of duty, but of destiny," said the emperor. "The stars ordained that I should love you."

"Then I wish," and Virginia laughed happily, as she could afford to laugh now, "that the stars had told me last summer. It would have saved me a great deal of trouble. And yet I don't know," she added thoughtfully. "It's been a wonderful adventure. We shall often talk of it when we're old."

"We shall never be old, for we love each other" said the emperor.

THE END.

"We shall never be old."

Kidney Troubles May be Sapping Your Life Away Coshocton people Have Learned This Fact

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorder look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Coshocton testimony to prove it:

Mrs. R. F. Sayer, 549 Walnut-st. Coshocton, Ohio, says: "I am glad to say that Doan's Kidney Pills did me more good than any other remedy I ever took. I was rarely free from backache and my kidneys were badly disordered, causing many disagreeable annoyances. Seeing Doan's Kidney Pills advertised in the local papers, I decided to try them. I procured a box at Siegrist & Williams' drug store and the results of their use were gratifying. I continued taking Doan's Kidney Pills and after I had finished three boxes, my trouble had disappeared. I am grateful to this remedy for restoring my health."

Mrs. Sayer gave the above account of her experience with Doan's Kidney Pills in August 1906 and when interviewed on May 9, 1909, she said "Although nearly three years have passed since I was cured by Doan's Kidney Pills, I have had no return of kidney complaint. I feel that I am justified in confirming my former testimonial."

Names Familiar To Coshocton Polo Fans In National League

Doc Harrold and Red Williams both making good in the East but they long to come back to Good Old Ohio.

As most of the stars of the National polo league will appear in the Interstate before many weeks, local fans will find the following review of players of the National circuit of interest. Enthusiasts will have an idea of the speed of the polo seen on the local floor after they scan the article below and recognize the men who are in the National and who were last season in the Ohio State. The article is taken from the Hartford (Conn.) Courant and is as follows:

"New Bedford leads the league, with Roberts, the veteran, and Duggan and Harkins, in mid-season form. Jean at center, has lost none of his craftiness and leads his team as of old. Holderness at halfback is playing a great game in front of Sutton, and the latter is kicking 'em out in top-notch form. The whole Whaler team showed up at New Bedford this year ready for service.

"The Tigers tie New Bedford for first place in the race, with Hart and Pierce working on the rush line. While the former is a trifle heavy, his hard drives, together with the way he is fitting in with Pierce, keep Pawtucket near the top. Farrell, at center, is erratic. At halfback Pete Woods can be improved upon, but Cameron, who is out of the game on account of injuries, is one of the best defense men in the business. Bannon, in goal, is a tower of strength.

"The Shoe City team also holds a grip on first place, with Mercer, McCarthy and Mansfield in mid-season form. McGrath broke into the game Saturday night and displayed great defense work. He takes Saunders' place in this position. Mullen is playing a stone wall game in the cage.

"The Brass City team is a whirlwind. Taylor is a splendid player, and Cunningham looks strong. In the home games Schiffer has shown that he is not out of polo by any means, and Griffith is as sturdy as ever at center. Barney Doherty is putting up a good defense game and Cusick is just as good as he was in the days of Tom Cotter. The team is in fourth position, but may shake up the standing before the end of the week, especially with Bone in the lineup.

"Providence shares fifth place with Worcester, with Lewis and McGilvray playing forward. Lewis has not as yet shown last season's form, but Nick is still playing his usual consistent game. At center, Hardy is rounding into shape and O'Hara is playing the best in his career. In the circle, Mallory is playing a strong game.

"Jim Phelan's team holds down the sixth rung, with Quigley, from the west, and Williams, on the rush line. Fahey at center is improving in every contest. Paul Gardner is stronger this season than last, and is doing great work in front of Sutherland. The latter has not had the best of luck thus far, because of injuries, which accounts for its poor showing in the standing. Jason will fill a big hole in the team.

"The Fall River team has not got fairly started yet. With five players in its lineup who are ranked as stars in their respective positions, the team is at present in seventh place. The Spindle City has been without the service of Thompson and now that he has got back in the fold, things ought to pick up. Harrold, at center, and the speedy Higgins, Carrigan and Harper are certainly good enough for any team in the league.

"Taunton has lost nine games out of ten. 'Soxy' Lyons joined the Herring City club Saturday night and prospects are better now for a winning team. Miller is good enough, but Devlin has been easy for the opposing forwards. In the goal circle Pence has always been accustomed to have a strong team in front of him. This may be said of any goal tend, but certainly applies to the Taunton man. Lyons may be the man the team needs, and if he shows his old New Britain from right off the reel the team ought to improve in the standing rapidly."

Republican to Succeed Johnson.

Fargo, N. D., Oct. 28.—Thomas F. Marshall, a Republican, of Oakes, N. D., is slated to succeed the late United States Sentaor Johnson. It is understood Governor Burke has agreed and withholds the announcement until a fit interval after the funeral of the former senator.

Cured of severe compound cold and cough by

Vinol

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough—and what surprises me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years. Vinol is certainly a wonderful medicine."

Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond.

The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron.

Sore Throat Don'ts.

When the children have sore throat, don't blister their necks with lamp oil. Don't torture them with a foul smelling piece of fat meat, wrapped about the neck. Don't imagine there is medical virtue in an old sock or piece of red flannel. Don't believe in antiquated superstitions.

A sore throat is a serious matter and is not to be healed by such make-believe remedies. The use of such methods is simply putting the patient to needless torture. Use a little sore throat wisdom and give them TONSILINE and the throat will heal quickly.

THE MAN OF THE HOUR.

In every crisis, national or municipal, there is always the man for the place. A crisis has arrived in Coshocton. Political conditions are chaotic because of the injection into the campaign of a third candidate, whose tocsin has been to decry and defame existing conditions and people, without offering any panacea.

The election of Mr. Meek would be an error most egregious. In him the great and ponderous majority of the people of this municipality have no faith and no confidence. They believe if he were elevated to the chair of the mayor that he would use his high office to "reform" every condition and every person, no matter how humble, who dared to have a thought different from his own despotic dictation. They believe he is playing "grand stand" and that he is not sincere. His words and his record are diametrically opposite.

The election of Mr. Cassingham, the Democratic nominee, would be a municipal error nearly as mistaken as the election of Mr. Meek. Mr. Cassingham has already had two terms as mayor; honors have been heaped upon him and his family. His terms of mayor were at best but ordinary. The town was then but a village and at that he failed to hold matters as well as has Mr. Hamilton with a city twice the size.

There are too many divergent opinions about Mr. Cassingham's regime to give the people confidence. While he has some strong supporters in his own party, yet he has just about as many bitter opponents on the same side of the fence.

Mayor Hamilton has had one term of office and possess the strength and confidence of the Republican party. The only criticism made against hi mis that there have been some people intoxicated by whiskey or beer or near-beer, which his critics say was purchased under violation of the Rose county local option law. Mayor Hamilton, to the contrary, has made arrests wherever evidence seemed tangible. Even the most ardent adherents of the Rose law, with their personal and almost undivided activity in watching for infractions of that law and that law alone, have been forced to say under oath before the grand jury that they absolutely K N E W nothing and could furnish no tangible evidence. It is safe to assert that nearly all liquors used here come by express to the individuals.

Before the Rose law became effective, Mayor Hamilton handled the saloon question admirably. He is the only mayor this city ever had who closed up or drove out of town saloonists who were keepers of dives and low resorts. In other respects even his most severe critics have no complaint to make against him. His administration has been a good one, a fair and honest one. He has been mayor of all the people and has never wavered for a moment in the enforcement of all law and the administration of his high office.

More than that Gail Hamilton is a man of the people. He comes from that great common people, which Gladstone declared was the backbone and sinew of any nation's greatness. He has made a square official.

Why make any change?

* * * * * *

Mr Voter, Mr. Property Owner, do you realize how important it is to you to have fair minded and competent men on the board of land appraisers this year? These men fix the value of the property and say how much your taxes shall be. Look at the men on the Republican ticket—all sterling business men, exceptionally well qualified for the position—Messrs Milton G Barringer, W G. Hay, J. G. Klein, B. W. Ricketts and Jacob Richards. The party is proud of them, and they should each one be elected

* * * * * *

What the legislature is to the state, the city council is to Coshocton. Elect good, level headed, steady business men to the council. The city as a whole votes for the councilmen at large. The Republican party presents the names of three leading citizens—Charles W Loos, Ross Reed and I. D Cohen A vote for them is a vote for safe business management.

* * * * * *

T. D. Agnew has done good work on the school board, and is entitled to another term He is the only Republican candidate and every Republican should mark his ballot specially for him. The Democrats named three men for the three positions to fill, while the Republican party, true to precedent, named but one man. See that that one man gets more votes than any one of the three Democrats.

* * * * * *

The council members from the four wards should be men who will look after the interests of their constituents. L. B. Barcroft in Ward 4, A. E Riley in Ward 3, C. H. Magruder in Ward 2, and Robert Baker in Ward 1, are all such men. See that they get the full vote in your ward.

* * * * * *

John Brunskill always has the best interests of the community close to his heart. Put him on the township school board. He will give it his earnest attention.

* * * * * *

The assessor is the man who says how much you are to pay in personal taxes each year. The Republican ward candidates are honest, and faithful citizens and merit your votes: C B. Kane, George Peacock, James Douglas and Clint Martin.

* * * * * *

The excellent work that Auditor Chas. Smith has done for the city makes it important to place a worthy man in his place. Evan O. Evans, a sterling young factory employe, with a level head and an honest heart is the man for the place

* * * * * *

Vote for Melvin McKinley for president of council The place demands a steady, level headed man, with executive ability and good judgment. Mr. McKinley's success as superintendent of one of the city's biggest and busiest factories is attest that he can "deliver the goods

* * * * * *

C. O Turner is the man for solicitor. He will need no "assistants" and has had the training to make him the best official the city ever had in that important office

* * * * * *

Vote for Dan Bowers for township treasurer. A laboring man and a staunch adherent of organized labor, every working man in the city should rally to his support.

* * * * * *

Gus Ogle, Jay Abbott and Dave Evans are three sterling citizens in whom the community reposes its trust. Place them on the board of township trustees.

* * * * * *

Harold Hershman for city treasurer, is a careful man in a place that needs careful attention. Vote for him.

* * * * * *

E. E. Eckert is the man for township clerk. A railroad man, his training has been in the line that the job calls for Vote for him.

HOW A PAINTER BECAME FAMOUS

Here's a story that's told of a painter obscure, who sought to win fame of a kind to endure, so he read every book that pertained to his art and of these some rare, technical works formed a part; and he built him a business and made him a name while his excellent work very soon brought him fame. But you ask him today how he won his success, and he'll tell you "Aurora Paint, mostly, I guess" Aurora Mixed Paint is an honest lead and oil paint. There's none better. Manufactured by The Marietta Paint & Color Co., Maritta, Ohio. Sold by Fleming & Gray, Coshocton, Ohio.

Wright Concludes Tutorship.

College Park, Md., Oct. 28.—Wilbur Wright practically concluded his work as dean of the government's department of aeronautics when he permitted Lieutenants Lahm and Humphreys to go up together for a flight, which lasted 30 minutes. After it was over Mr. Wright left College Park for New York. Early in the day Mrs. R. H. Van Deaman, wife of an army officer, made a four-minute flight with Wilbur Wright.

It coaxes back that well feeling, healthy look, puts the sap of life in your system, protects you from disease. Hollister's Rocky Mountain Tea has no equal as a Spring tonic for the whole family.

Women On The School Board

The agitation for women members on the board of education has again been broached in club circles. Several years ago both the Republican and Democratic committees tried their best to get women to run for the school board but were unable to secure candidates. The school board in Coshocton is out of politics, and non-partisan, unless one party puts in three candidates instead of two this election—which would be a thing to be greatly explored. Keep the school board above politics and let each party place a woman's name on the ballot. In that case the nomination is equivalent to election without delving into politics in any way whatever.

At the conclusion of the program which has been arranged, an appetizing and seasonable lunch of pie, doughnuts and coffee will be served. The program is a fine one, and according to one of the ladies "it will be worth a whole lot just to see and hear the celebrated Ann family, all of whom are to take part in the program." They will appear in the costumes their great grand fathers and great grandmothers were, and half the fun will be trying to recognize your friends in the garb of long ago. The program is as follows:

Delightful Session Of Woman's Club

The session of the Coshocton Woman's club at the Country club Wednesday afternoon was delightful in every respect. A social atmosphere was given the session by the charming hospitality of Mr. and Mrs. C. D. Brooke and Dr. and Mrs. Jesse McClain, whose guests the club members were, was a prettily appointed luncheon, served half an hour after noon in the big club room at two tables. The club house was appropriately decorated with pumpkin jack-o-lanterns and autumn leaves, and the placecards were also en rapport, being Halloween scenes, each bearing a verse from some Scotch or Irish poet, in harmony with the club program of the day. Mrs. Crawford gave an interesting and comprehensive paper on Edinburg, Rural Scotland, and the Homes of Burns and Scott; and Mrs. McCurdy's dissertation on "Slums as a National Asset" was productive of most interesting discussion. Mrs. Rippeth, the president, gave an entertaining account of the State Federation at Lima, which she attended. Mrs. Pratt proposed that Coshocton club women take an interest in politics, as far as the school board be concerned, and that at the next election have a woman candidate in the field. The club adjourned to meet in two weeks at the library.

Wedding Wednesbay Night Near Warsaw

Miss Iva Zoe Wright the only daughter of Mr. and Mrs. A Wright of near Warsaw and Oliver Harrah, of Warsaw, were united in marriage at the home of the bride's parents three miles south of Warsaw, Wednesday evening. At exactly seven o'clock the beautiful strains of Mendelsohn's wedding march played by Mrs. Walter Harrah of Warsaw, announced the coming of the bride. Mary Funk acted as bridesmaid and Forest Wright as best man and as the bridal procession came down the stairs they made a most beautiful picture. Funk of Warsaw After the ceremony a delicious three course supper was served at a large table in the dining room. The table and dining room were decirated with white chrysanthemums, bittersweet and ferns which made a very fitting back ground to the fall wedding.

Hints For The Housewife

The Age's Daily Recipe

YELLOW TOMATO PRESERVES.—Peel fourteen pounds of yellow tomatoes, weigh seven pounds of granulated sugar, and pour this over the tomatoes. Leave over night and in the morning drain off the sirup that has formed, put it over the fire and bring to a boil, skimming carefully. Put in the tomatoes, set a little to one side of the range and boil gently for twenty minutes. Remove the fruit with a split spoon, and spread it on platters. Boil the sirup down until it thickens, adding, just before you take it off the fire, the juice of six lemons. Pack the tomatoes in jars and fill those to overflowing with the boiling sirup. When cold seal.

Worn brooms or whisks may be dipped into hot water and uneven edges trimmed with shears. This makes the straws harder, and the trimming makes the broom almost as good as new.

If your cook persists in washing the dishes in the pantry while the family is still at dessert, insist upon her placing the dishes to drain upon a heavy Turkish towel it will lessen much of the clatter

To keep an iron sink in good condition scrub once or twice a week with sandsoap and kerosene. Every night put a little chloride of lime over the strainer and pour through it a kettleful of boiling water

Japanned ware should be washed with a sponge dampened in warm water and dried immediately with a soft Cloth. Obstinate spots can quickly be removed by rubbing them with a woolen cloth dipped in a little sweet oil.

Iron holders made from a piece of asbestos the desired size and covered with drilling or heavy unbleached muslin are light and keep out heat. There should be a ring or loop sewed to one corner to hang the holder.

Iron-rust stains on marble can usually be removed by rubbing with lemon juice. Other stains and discolorations may be taken off by mixing one ounce of finely powdered chalk, one ounce of pumic stone and two ounces of common soda. Sift these together through a fine sieve and mix with water. When thoroughly mixed rub this mixture over the stain or discolorations and they will disappear. Wash the marble after this with soap and water, dry and polish with a chamois skin and the marble will look like new.

Bad Stomach Causes Unsightly Complexions. C. E. Anderson Has a Remedy

Bad stomachs means bad blood, unattractive skin.

Why? The stomach in a healthy condition separates the nutritious matter from the food and gives it to the blood to supply the entire body with nourishment.

If the stomach is not in a healthy condition it does not separate from the food the nutritious matters and it passes off with the waste.

Thus the blood is impoverished and has not sufficient nourishment to supply the muscles, skin and body generally.

If you have belching of gas, distress after eating, nausea, billiousness, nervousness or foul breath, then your stomach is wrong and you want the best prescription for stomach troubles the world has ever known.

You want Mi-o-na tablets the great stomach remedy which C. E. Anderson guarantees to cure indigestion, no matter of how long standing, or money back.

Relieves stomach distress at once. Mi-o-na is sold by leading druggists everywhere and in Coshocton by C. E. Anderson's for 50 cents a large box. Test samples from Booth's Mi-o-na, Buffalo N. Y.

LEFT HIS SHOES ON AUTO; NOW THEY'RE GONE

There is an amusing story connected with a little ad in today's lost column Wm Burton took off his shoes Thursday morning at Siegrists garage to wash Mr Siegrist's automobile He placed the shoes upon the running board of the machine and put on a pair of rubber boots. He did not change back after finishing the work and when Mr. Siegrist took the machine out for a spin the shoes were still sitting on the running board. Of course they fell off somewhere along the road and may never be found but an advertisement has been inserted asking that they be returned to the garage.

TAFT'S LIEUTENANT READS THE SIGNS

Vorys Predicts President's Popularity Will Re-elect Him.

Baltimore, Md., Oct. 28.—In an interview Arthur I. Vorys of Columbus, O., who was President Taft's manager in Ohio during the campaign preceding his nomination, expressed the opinion that the president will surely be renominated and re-elected.

"The demonstration which has been accorded the president in the west," said Mr. Vorys, "is proof of his popularity and a sure indication of his renomination and re-election. The country appreciates the breadth of his views and the nobleness of his nature. He has fewer enemies than any president probably in our history. His political strength will grow with him."

Government Will Appeal.

Washington Oct. 28. — "The government will at once institute an appeal from this decision," announced Attorney General Wickersham, in reference to the action of Judge Holt in the circuit court at New York, sustaining the plea of the statute of limitations interposed by the defendants Kissel and Harned to the indictment against them jointly with the American Sugar Refining company. The case involves violations of the conspiracy laws.

FEDERAL JUDGE CENSURES LOEB

Latter Admits Retaining Grafters In Customs Service.

WHOLESALE FRAUDS DISCLOSED

New York Importer Pleads Guilty When Three Employes of New York Office Admit Acceptance of Bribes—Say They Were Promised Immunity and Retention of Jobs In Exchange For Testimony—Collector Explains Action.

New York, Oct. 28. — At the end of the Musica case in the United States circuit court, when young Philip Musica, an importer, had pleaded guilty of participation in weighing frauds and the indignant comment from Judge Holt that Collector Loeb's action in retaining self-confessed thieves in the customs service was discreditable to the government and an injustice to honest men, some big importers believed that the whole graft system could be ended by a fair course of dealing in Collector Loeb's office.

Scores of merchants who deal in imported goods have been gouged for years by the graft system in the customs service. They submitted to it, they explain, because they had to get their shipments into their warehouses, and strict honesty was not possible with many customs men. It took cash in the hand and a smiling acquiescence in grand larceny to enable them to keep their heads above water in an unfair business competition brought about by the grafting in the service.

Importers who have been held up for years by the grafting of custom house inspectors and weighers, declare that the whole customs service in this city is rotten from the bottom upward. How far up the rottenness extended few of them could guess, because the beautifully complete system of robbing the government through false weights and returns and collecting bribes for prompt service, forced the importers to deal only with little crooks.

Little Crooks Are Busy.

The little crooks ran around on the edge of a wheel of graft, taking the name of a fruit for a password, and doing business over straight whisky in the back rooms of waterside bars. Who lay quietly in the center of the wheel and along the spokes, taking a fat share of the blackmail the little crooks collected, is a matter which interests men who have been forced for years, they say, to be dishonest themselvesinorder to get their goods handled by the petty officials of the customs house. The small importers and the custom house brokers say that they are eager to know who benefits most by the practice in the customs service of corrupting importers.

Before the end of the trial of young Musica, Judge Holt remarked: "I want to refer to one matter which has appeared in evidence here, and that is the testimony of these three government witnesses to the effect that, in addition to their being promised immunity from prosecution in this case, they were promised retention in their offices in the custom house. It is necessary some times that the evidence of accomplices should be forgotten, and for that purpose it is proper to grant them immunity, but I have never heard before of such a practice as promising to continue men in the public service after they have confessed the commission of crimes in the office, and I desire to express the emphatic disapprobation of this court of any such practice."

William Loeb, Jr., collector of the port, was the man who granted immunity to the three thieves. It was understood that Judge Holt's rebuke applied to Mr. Loeb. Mr. Loeb himself took it that way. He issued a statement defending his course on the score that it was necessary to keep the three on his payroll because that was the only way the whole system of graft could be uprooted.

GOOD, HONEST, SQUARE-DEAL

Medicines like those of Dr. R. V. Pierce of Buffalo, warrant their makers in printing their every ingredient, which they do, upon their outside wrappers, verifying the correctness of the same under oath. This open publicity places these medicines *in a class all by themselves.* Furthermore, it warrants physicians in prescribing them largely as they do in their worst cases.

Dr. Pierce's Golden Medical Discovery

Is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach and bowels, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), liver, bowels (as mucous diarrhea), or other organs.

Dr. Pierce's Favorite Prescription

Is advised for the cure of one class of diseases only—those peculiar weaknesses, derangements and irregularities peculiar to women. It is a powerful yet gently acting invigorating tonic and nervine.

For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American, medicinal, forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines *of known composition*, any *secret nostrum.* Don't do it.

Pittsburg Live Stock Market Braces Up

PITTSBURG, Oct. 28—

The receipts of cattle were moderate, the total being 100 cars as compared with 130 the previous week. Fair attendance of out of town buyers but the local slaughterers bought sparingly. There were no corn fed in the offerings and also very few cars of finished grass cattle. The bulk consisted of plain half fat grades or the clean-up of pasture fields. With the western markets showing a decrease in receipts and stronger prices our market opened strong and higher on all the desirable grades. The general advance was 10 to 15c and the top for day was $6.35, however, this price was no criterion of what good weight cattle would have brought as there was a good inquiry for this class. After a few early sales, the market eased off and some of the late sales showed the advance lost. The plain light half fat cattle met with the same advance but the trading was not brisk at any time during the day. Heifers and fat cows were in liberal supply and the market opened strong at prices a full quarter higher. The trade later eased off considerable and the close was weak with all the advance lost. Bulls were in liberal supply and with a good local and out of town demand sold strong but like everything else, they closed easy. Nearly everything had changed hands by noon and nothing was forwarded east on first hands. Tuesday the receipts were a few odds and ends the market being quiet. Today nothing doing. Chicago reports 18000, market higher. New York 20 cars, market higher.

Stags 5@6.50

The receipts of hogs were 45 double-decks or 7000 head as compared with 6500 the corresponding day last week. The quality of the offerings was a little better, the grassy grades not being so numerous. With moderate receipts and higher prices west, our market opened active at prices 10c to 15c higher on all grades. The demand was good from all sources, which resulted in a good early clearance. Heavy hogs ranged from $8 to $8.05 with a few sales up to $8.10. Mediums sold mostly at $7.90 and heavy yorkers $7.75 to $7.85. Lights $7.40 to $7.60 and pigs $7.25 to $7.40. Grassers $6.75 to $7.50, according to weight and quality. Tuesday, the receipts were light 1500 head and with a good demand, prices continued on a higher level, 15c being the general advance, with a good clearance. Today the receipts were again light, about 2000 head. With a good local and eastern demand, the trade ruled active, prices being 5c lower on the better weights, while light grades ruled steady. An excellent clearance was made early. Chicago reports 23,000, market 10c lower.

Sheep and Lambs

Good to choice wethers $4.50 to $4.65
Fair to good mixed $ 4to $4.35
Culls and common to fair 1 to 3.50
Good to choice spring lambs 6.40@6.75
Fair to good spring lambs 5.50@6.25
Culls to fair spring lambs 4@5.25

The receipts were 8 double-decks or about half the number as compared with Monday last week. The bulk of the supply consisted of lambs of fair to good quality while on the sheep end there was nothing choice. With heavy receipts at all other markets, the trade opened slow and continued so thoroughout the day. Lambs sold about steady with last week's close, the top being $6.75 for the best assorted. A few transactions to butchers showed prices a little stronger. Sheep were dull and it took something fancy to bring $4.50 to $4.65 the top quotations. The market closed lifeless but all were sold. Tuesday the receipts were light with market steady and trading slow. Today the receipts were agai nlight and the trade continued slow at about steady prices.

Calves

Common to best veals $6 to $8.75
Heavy and thin calves 4@6

The receipts of calves were 600 head, the majority of which were westerns. Native veals sold steady, 9c being top. Westerns ruled slow with some remaining unsold. Wednesday the supply was 150 head and although light, the trade was lifeless, prices being 25c lower, or $8.75 for tops. Today, receipts light and market steady.

Tungsten Lamps Make Electric Light Much Cheaper

They have two and a half times the efficiency of the ordinary carbon lamp hitherto in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at low cost. In shape and size the bulb is just like any other electric incandescent lamp. Why not try a Tungsten lamp yourself? Get one of the 40-watts and use it somewhere in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light, exactly twice as brilliant and costing you one-fifth less for electricity. Tungsten lamps are destined to displace all others, for both store and house lighting.

SCHOOL GIRLS MEET AFTER HALF A CENTURY

Visions of the old school days when they romped and played together 49 years ago were recalled by Mrs. Harris, of Saginaw, Michigan, and Mrs. Sarah J. Stevenson, of this city, when they met at the home of Mrs Isaac Ralston Wednesday afternoon for the first time in half a century. Mrs. Harris was formerly Miss Odessa Ralston of Millersburg. Mr. Stevenson was born at Bloomfield. They were great friends in the olden days just before the Civil War. When Mrs. Harris, who is visiting among relatives and friends here, learned that Mrs. Stevenson is living in Coshocton a meeting was arranged and they spent a delightful afternoon together. They played tag and carried on at an astonishing rate memory carrying them back over the chasm of years. Mrs. William Lint and children were also entertained by Mrs. Ralston.

SHE WAS IN BAD SHAPE

THE CHANGE WAS WONDERFUL—MANY PEOPLE KNEW IT

She was in bad shape. All run down in health; no appetite; digestion very poor; could not sleep at night; felt tired and languid all day. She was pale and thin, her circulation was very poor, and the many different medicines she used seemed to do her more harm than good. She wes dragging out her life this way, when Roo Juice was brought here. She took seven bottles of the great medicine, and is (today) one of the most healthy ladies in town. For social reasons she objects to her name being published, but a day hardly passes that she does not advise some complaining friend to go to C. E. Anderson's drug store and get some of the great soothing and healing tonic that did such wonders for her.

Notice to The Public

If I am elected to the Mayoralty of the city of Coshocton I shall endeavor to know what my legal obligations are under the law. One of these obligations will be, without fear or favor, to enforce all the statutory laws made and provided, which remain upon the statute and ordinance books unrepealed. And further to discharge all and singular, the duties of the office as well as to support the constitution of the United States and the constitution of the State of Ohio, all of which shall be done to the best of my ability. I am,

Truly yours,

John H. Rice.

CERTAINLY ENDS KIDNEY TROUBLE

Hundreds of folks here are needlessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worn-out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distributes its healing cleansing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheumatism coming, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world which will effect so thorough and prompt a cure as a fifty cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few day's treatment means clean, active healthy kidneys, bladder and urinary organs—and you feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

OWES HER LIFE TO Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.
